Rents cuts could ruin budget

GOVERNMENT plans to cut council house rents in East Devon will create a £7million black hole in the district's housing budget, council bosses have warned.

Almost 200 council tenants in Seaton may see their bills reduced – but standards of maintenance could also slip over the next four years.

The proposed one per cent rent reduction is meant to help reduce tenants' monthly bills, but district housing chiefs fear the scheme will also scupper plans to manage their current stock while preventing them from building more affordable homes in East Devon. Councillors are seeking to meet urgently with local MPs Neil Parish and Hugo Swire to discuss the proposals, which were outlined in the Budget in June.

They claim the government is seeking to "move the goalposts" in a way that would disrupt a 30-year housing plan for East Devon.

Councillor Jill Elson, EDDC's portfolio holder for sustainable homes and communities, said maintenance of the council's 4,245 properties may have to be scaled back if the government goes ahead with the plans.

"While a one per cent reduction may seem good

by Jack Dixon
jack@pemedi.co.uk

news for existing tenants, we may not be able to carry out the kind of maintenance on properties as we do now," she said.

"We have invested £9million each year on the repair and improvement of tenants' homes over the last three years.

"It would also affect our future tenants too, as the £7 million rent income we are at risk of losing equates to being able to provide 66 new affordable homes, assuming [a cost of] £120,000 per home."

In June, the Chancellor unveiled plans for a one per cent reduction in council house rents each year for the next four years.

There are currently 175 council-owned houses in Seaton, rented by tenants who would be affected by the changes.

The proposals should help tenants save on their monthly bills – but EDDC says the long-term impact could be more damaging.

A 30-year business plan to maintain its housing stock would be rendered "unviable" as a result of massive reductions to its ring-fenced housing revenue account, the council argues.

AXMINSTER Town councillor in Twitter rap

AXMINSTER Town Council has become embroiled in yet more social media controversy.

Mayor Douglas Hull has written to all members, saying a councillor has apologised for tweeting "a link to a pornographic website" to the council.

Mayor Hull says the apology is the end of the matter, but district councillor Ian Hall says the integrity of the town council must be protected and that Councillor Paul Hayward ought to resign.

Councillor Hayward rejected all the accusations. He said a hashtag was there as a sign to warn people and avoid controversy, and added that he is the target of a politically-motivated campaign.

The tweet in question was sent on July 13th by councillor Paul Hayward to his followers, saying he was getting ready for a council meeting and referencing a music video by an artist called Nelly, adding the #NSFW hashtag, which, if anyone chooses to go down that route, leads to a regularly updated selection of tweets deemed Not Suitable For Work, some featuring nudity and sex.

Although not on the agenda, *Pulman's View* understands that a number of councillors were set to raise the issue when the town council met yesterday evening (Monday).

From the deputy editor's chair The complexities of social media

AXMINSTER Town Council never seems to be too far from controversy these days.

The latest incident to ruffle the feathers down at the Guild-hall concerns, what was to me, a somewhat innocuous tweet.

Said communiqué from Councillor Hayward referenced a lyric – "It's gettin' hot in here" – from a track by American rap artist Nelly.

Now, if you were to hunt down and watch the accompanying video to the song – 'Hot In Herre' – you'd find it contains a fair share of naked flesh and that it's unlikely to be shown on daytime TV anytime soon.

So, said tweet came with the hashtag warning #NSFW – meaning "Not Suitable For Work". Which perfectly sums up the 'Hot In Herre' video.

Was it inappropriate for a councillor to be referencing said track in a council related tweet? Probably.

Was it a bit odd he chose to do so in the first place? Definitely.

But fellow councillors went on to accuse Councillor Hayward of sending a tweet "of a pornographic nature" – is that really true?

For starters, a hashtag isn't really a link at all – it's a label used on social media to group together messages with a similar theme.

And, bearing in mind this hashtag is used to signify material "Not Suitable For Work", what do you expect to find if you search for examples of tweets marked #NSFW?

Whether or not you deem Nelly's video as pornography,

the fact is the offending tweet didn't include a traditional hyperlink to either that video or anything else for that matter.

Now, if all this talk of tweets and hashtags is making you feel very old and yearning for the simpler, more innocent times of the 20th century – I'm with you.

But if you obviously don't understand something, why pretend you do and accuse someone of something so serious?

In my mind, all Councillor Hayward is guilty of here is making me recall a rather annoying Top Five hit from 13 years ago.

OTTERY St MARY Slade Road junction blackspot

A CALL for action has been issued over a dangerous junction in Ottery St Mary that campaigners fear is fast becoming an accident blackspot.

Angry residents and the local police team are now demanding double yellow lines along Slade Road to stop drivers parking right up to the junction.

They are growing increasingly concerned about the possibility of a serious accident in the area, with visibility hampered as motorists approach the town.

A petition signed by 250 people has also been handed to civic leaders in the hope that they can take up the fight. Councillor Glyn Dobson, the Mayor of Ottery, said the town council had been pressing county highways chiefs for the last two years but had been told there was not enough money available to tackle the problems.

"It is a dangerous junction and we will keep chasing it," he said.

SOUTH SOMERSET County council sets out what it wants from new government

SOMERSET County Council has set out a manifesto for what it wants Westminster to help deliver for the county during this parliament.

A fairer funding settlement and progress on major infrastructure projects are among the items on the "What Somerset Wants" agenda that the county council leader, John Osman, has been raising with Somerset MPs.

The May election produced four new MPs in the county and Councillor Osman is in the process of meeting each of them to make sure they all have a clear understanding of what the county council wants their help to deliver the required services.

"It is vitally important that Somerset gets a fair deal from central Government and our MPs will be a crucial part of that. I am keen to work with them and with Westminster to make progress in some key areas and it is essential that we speak as one in best interests of Somerset."

Some of the key points include:

- Fairer funding – a review of the local authority funding formula so that it better recognises the underfunding of rural counties
- Fairer funding for schools
- Delivery of improvements to the A303 and A358
- Devolution – of more powers to the local level
- Progress on the Hinkley Point C development
- A long-term funding solution for the Somerset Rivers Authority
- Superfast Broadband

Councillor Osman said: "I would urge everyone to sign our online petition on the subject at <http://fairerfundingforsomerset.org>

Rents cuts plan could ruin council housing budget

■ CONTINUED from page 1

It estimates that a total of £77.2 million would be sucked from the account over the next three decades.

Cllr Elson added: "This policy is very short-sighted and has tough consequences on us as a council, and on tenants too.

"We need to secure a more effective balance between the needs of present and future tenants in the longer term."

Toby Lloyd, a policy analyst at the Shelter housing charity, said: "On the positive side, the announced reduction in social rents by one per cent a year for the next four years will be good news for tenants and will help to limit the rising housing benefit bill.

"What this will mean for social landlords' financing plans, and hence their future pipeline of development, is less positive."

■ THE Seaton Beer and District branch of the RNLI sends its thanks to all those who donated during their street collections, which raised over £1,700 from Beer lifeboat week (July 4th-10th). The street collectors also raised over £200 in Seaton on July 18th and, finally, on Sunday, August 2nd at the Jaguar and Classic Car Show raised £160.95. Secretary Wendy Cummins (left, pictured with volunteer Pat Bradley) wanted to thank all of those that donated and their continued support

Simon on the move

A BAPTIST minister is about leave his job in Seaton for the Royal Navy in Portsmouth, but will be keeping his home in Axminster.

Simon d'Albertanson, pictured below, has thoroughly enjoyed being with Seaton Baptist Church since 2009 when he became the pastor, but is ready for a new call.

The Coventry-born endurance sport enthusiast and former air traffic controller will join as a Navy chaplain in September, and said: "It came as a bolt from the blue.

"My wife Kay is training as a minister at Bristol Baptist College, so we were trying to work out what was next for us."

All options were open, including moving away from the area should Kay find a job in another part of the country.

As it turned out, she is in discussion with a Baptist church in the area and Simon will be based in Portsmouth.

There will be a lot of tours of duty, but he will be based in the family home in Axminster when on home leave.

He said about the new job: "I believe God guided me to it. I sensed a real call to this.

Simon added: "There will be ten weeks of training, some in Dartmouth some at Yeovilton. I will then be

posted to the dockyard in Portsmouth and allocated to a ship.

"It is a bit of an unknown at the moment, but they [tours of duty] are likely to be more than a few weeks."

He was working as a ski instructor with a Christian trust in Scotland when he enrolled at bible college in 2001, at the age of 30, to study applied theology.

Before that he had worked as an RAF air controller and as a youth worker.

Being able to keep the house in Axminster is a big bonus as Simon and Kay did not wish to relocate their children, Josh (14) and Sammie (10).

About the last six years, he said: "We have absolutely loved being in Seaton Baptist Church, and Seaton is a great place to be."

And if his work schedule allows, he hopes to be back on the starting line for next year's Grizzly race.

He also thanked Seaton Primary School for letting a meeting room to the church.

Seafish have developed this three-week basic seamanship induction course for new entrants to the fishing industry, consisting of two weeks shore-based training in basic seamanship (covering safety, gear and catch handling, net mending, rope work, stability, navigation and boat handling) followed by one week of mandatory safety courses (Sea Survival, Fire Fighting, First Aid, Health and Safety) plus the Seafish one day Fishing Vessel Stability course (currently not mandatory).

Although we cannot guarantee employment immediately following this course, assistance will be given to students to find berths on suitable fishing vessels so that they can go to sea and put their new-found knowledge into practice and gain practical experience of fishing.

Fun fete raises cash

THE family fun and fete at St Mary's Primary School in Axminster raised more than £1,000.

As reported in our August 4th edition, the event was held on July 17th.

School spokesperson Karen Adair summed-up by saying: "Each class helped to run the afternoon, organising their own class stalls including guessing which book belonged to each member of staff.

"The oldest children ran their own juice bar and the littlest children had made animal biscuits to sell.

"Other events included face painting, china smashing, score a goal and treasure hunt.

"The day made over £1,000 which will enable St Mary's to continue to develop the outdoor area."

New 'trim trail'

THE children at St Mary's Catholic Primary School in Axminster are making good use of their newly installed trim trail, thanks to a generous grant from the National Lottery.

As part of the continuing development of the outdoor space at St Mary's, the school successfully applied for a grant of £10,000.

School spokesperson Karen Adair said: "The new equipment includes monkey

bars, parallel bars, stepping stones and a swing bridge, all installed on all weather astroturf, so that the equipment can be used for as long as possible throughout the year."

When using the new equipment, one pupil commented: "This is the best fun we have ever had in our play ground."

EX13 calendar launched at church

MINSTER Church in Axminster was the venue for the EX13 Hidden Gem 2016 Calendar release party.

The calendar is put together by The Friends of The Minster Church, ably assisted by local amateur photographers.

Each year local amateur photographers are invited to submit photos taken within the EX13 postcode area for a competition.

The aim of the calendar is to raise money for the ongoing Minster Makeover church refurbishment programme.

The 2015 calendar, for example, raised just over £5,000.

All the successful photographers were invited to The Minster on Thursday August 6th for the 2016 calendar release party.

Each month in the calendar features one main photograph, accompanied by a smaller one.

In addition, a separate page of the calendar features a selection of added photographs.

One of the organisers, Nicola Russell, said: "We have been delighted by the number of quality photographs submitted and I hope that you think the resulting calendar is at least as good, if not better, than the last.

■ **ANOTHER YEAR:** Photographers and church supporters are ready to bring on 2016

"We followed the same process this year. The judges met to consider all entries, they produced a shortlist which was voted on by the public at Axe Vale Festival, and then the judging panel met again."

She also thanked the sponsors: Coombefield Veterinary Practice, Morton's Pharmacy, Axminster Decorating, Scott Rowe Solicitors, Fairwater Head Hotel, Logical Energy, Archway Bookshop, Pulman's View From Axminster, Sublyme Cafe, Lyme Bay Winery, Axe Skip Hire and Mole Avon.

Nicola added: "With the help of the sponsors, I can inform you that all the money, every penny, from sales of the calendar will go towards the Minster Makeover - all the costs to date have been covered.

"It is always dangerous to mention one person, but I want to especially thank Tim Pritchard from Archway Bookshop, who not only sponsored the project but was also a major outlet selling 150 calendars last year - so no pressure Tim."

Mr Pritchard replied

with a big grin, appearing to be up for the challenge.

Nicola continued: "Thank you to the photographers for all your efforts.

"A great deal of ingenuity has gone into the photographs and I hope you will all be proud to be included in the

finished product."

Calendars will be available at a number of retail outlets across the postcode, priced at £6.50.

Outlets include Archway Bookshop, Axminster Tourist Information Centre, Mole Avon and a number of village shops.

Babies raise funds

THE Axminster class of Water Babies played a part in raising a total of £18,000 for Tommy's, the baby charity, writes Anders Larsson.

Babies and their parents attended their lessons in pirate fancy dress throughout July, and completed different sponsored skills and circuits to raise the cash.

A Water Babies spokesperson said: "The money was raised by all classes within our franchise."

Rowan Bradford and Lee Perkins have been running Water Babies classes across Devon and Somerset since 2011.

They said: "We are really pleased. We have many parents that swim with us who have been given tremendous support by Tommy's during their pregnancies."

'Perfect tribute' of Robbie's Races a terrific start to Beer Regatta

by Kevin Fahey

A FANTASTIC day of racing at the Sunday Funday proved to be the perfect tribute to Robbie Driver on the opening weekend of Beer Regatta.

Robbie's Races held at Beer Albion Football Club have become a popular feature of the Regatta programme and despite his sad recent death his son Nick was determined that the show had to go on.

"It was a fantastic day with a terrific turn-out and it felt as if my dad was still here doing it again," said Nick, who stepped into his dad's shoes to help organise the races.

"It was great to honour his name like this and hopefully it will carry on for many more years to come in celebration of his memory."

A total of 48 races were staged, from simple sprints to sack and wheelbarrow events and numerous young children from tiny tots to teenagers took part cheered on by friends, parents and fam-

ily who were all enjoying the hospitality and their own picnics.

It was also fitting that the first race of the day, the 50m sprint for girls aged 5 and under, was won by five-year-old Colyton Primary Schoolgirl Kiera Brookes, who is the great grand-daughter of Robbie Driver.

Prizes were awarded to the first three in each race but this was a day in which taking part underlined the spirit of the Regatta.

* It was also confirmed to cheers at the Sunday Funday that long-serving Regatta chairman Kate Boalch gave birth to baby daughter Isabella on Saturday.

Beer Flower Show celebrates 90th anniversary

BEER & District Horticultural Society President Ursula Makepeace paid tribute to the exhibitors who turned out to celebrate the 90th anniversary of the annual flower show at the Mariners' Hall, writes *Kevin Fahey*.

"We had 67 exhibitors showing 400 exhibits and this year I think we could have done with more tables to show them," said Mrs Makepeace.

"I think that might be down to the fact that this was the 90th year and it is a great result. But once again we couldn't have held the show at this scale without the generous support of the local businesses."

Guest of honour was Michael Pritchard, the managing director of Pecorama.

"I know there is a serious side to winning cups but

above all else it is about having fun and enjoying yourself and it is fantastic to see all the hard work that has been put into these exhibits," said Mr Pritchard.

Offwell School sports day

AFTER a soggy start to the day, the weather improved enough for Offwell School's Sports Day to go ahead.

Children, parents and grandparents watched and took part in a variety of races from fancy dress to the taxing long-distance run round the field.

Headteacher Anne Billington said: "All the races were run with good spirit with the children putting in 100 per cent in their efforts to cross the line first.

"There was friendly rivalry between the school's two houses, Drake and Raleigh, with Drake coming out just ahead.

"The parents' races were very competitive with loud thundering down the lanes,

fortunately no injuries."

The school PTFA provided welcome refreshments and a complimentary lollipop for each child.

Honiton High Street – the best in Britain?

A CAMPAIGN has been launched to recognise Honiton High Street as the best in Britain.

Local businesses could claim a share of the £80,000 prize fund if the town comes out on top in the national poll.

The team at Honiton Post Office is leading the campaign by calling on shoppers to nominate the high street for the prestigious awards, organised by the Future High Streets Forum.

The scheme aims to revitalise some of Britain's historic high streets by encouraging communities to help promote their local shops and develop attractions and initiatives to entice shoppers.

Winners will receive a slice of the £80,000 prize, as well as dedicated support, mentoring and marketing advice from industry experts.

Bromwyn Arscott, Honiton Post Office manager, said: "The Great British High Street Awards is a competition to showcase just what makes the nation's high streets great places to visit, shop and socialise in.

"Nominations close on September 1st so we want to encourage people to nominate Honiton High Street this summer and give it and the re-

by Jack Dixon

tailers the recognition they deserve."

Once the nominations have been cast shoppers will be able to have a say in the final outcome, with this year's winners to be chosen by a ballot of public votes as well as a panel of expert judges.

Ministers are also backing the initiative, which they say can lead to a real boost for local businesses.

"Last year's winners not only saw their pride in their town swell but retailers reported increased footfall too," said high streets minister Marcus Jones.

"Winning the Great British High Streets competition can not only put a spring in people's step but it could result in a tangible economic impact."

People will be able to support their nomination by downloading and displaying campaign posters, editable leaflets and window stickers from the competition website. For more information visit www.thegreatbritishhighstreet.co.uk

Axminster Probus

BOB Musgrave gave a talk to Axminster Probus Club's August meeting on pub signs. His research reveals that most present day signs are copies of those existing for almost two thousand years, such as the White, Red and Black Post. These originate from Roman routes that were delineated by such posts. 'The Chequers' is another widely-used name, derived from a betting game and almost invariably painted with Roman connotations.

Other pub signs derive from events in history or from a desire to curry favour with a ruling family. A pub in Somerset, near the Wills (tobacco) family's country seat, thought it well to keep on their right side so ran a competition to find a new name for the pub. One of the entries was from Lisa Wills. The landlord destroyed all the other entries then put her name on every slip to be drawn out of the hat; it proved to be a wise move!

The church also played its part as instanced by 'The Cross Keys', from a phrase in the bible referring to Saint Peter, while 'The George and Pilgrims' is to be found at Glastonbury.

Bob gave many other facts in his interesting talk. As he said, few people ever noticed what was on the pub sign. It is certain that those who do so will now include club members!

The Axminster Probus Club for retired and semi-retired business and professional men meets at the A35 Pit Stop, Gammons Hill, Kilmington on the first Tuesday of each month. Prospective members are always welcome. For further information ring 01460 220528.

It all looked so easy and members expressed their wish to have a workshop meeting to bring their skills up to scratch! Finally, members' names were put into a hat to draw for the cake, which was won by Rosemary McCrimmon.

The next meeting is on September 8th at 7.30 pm, when Denny Bradbury will speak about Bumblebees.

AXE RIVER

THIS, the newest WI in the area, hosted their first group meeting joined by WI members from Kilmington and All Saints.

Temporarily relocated to the URC Hall, the evening incorporated WI activities including a crafts display, plus a tea and a comedy with the Axe River Players' deadpan version of Cinderella.

Three presidents gave summaries of their branches' activities during the last year, Ann Keane (Axe River), Joy Churchill (Kilmington) and Sandra Lynn (All Saints).

Speaker Bob Ayers entertained with a slide show on

Seaton Art Society

AS a painter who has worked depicting Monet's garden, Stephen Bower knows the best way to capture the colour, texture and light of flowers.

He showed members of Seaton and District Art Society how to produce a large, vividly-coloured semi-impressionist work, using free brushwork and flowing acrylic paint. Unfortunately Seaton Town Hall has no overflowing flowerbeds inside, so Stephen made do with a bunch of flowers bought from the florists (which he intended to present to his wife the next day!)

Whilst painting he regaled the members with useful tips: buying materials from Topsham market, making up 'canvases' by gluing calico over plywood, keeping paints workable by putting them ready for use into a large polythene box lined with wet newspaper and wetting ground with water spray so that the paint flows easily. When outside he works under a parasol to diffuse shadows. Instead of buying retarder to keep paint from drying off too quickly, he uses a cheap mix of glycerine and water. Acrylics are chosen rather than oils because of the ease of handling when on the move. His main tip was to not work from photographs, but to get outside whenever possible and observe the real thing.

He worked through the tea-break and by 4pm he had a fully-finished work – an exuberant study of flowers painted with gusto. Members were very enthusiastic in their thanks.

There will be no demonstration next month as the popular annual art exhibition of their work will be on in the town hall, starting on Saturday, August 8th.

the hidden gardens of London.

Group competitions were won and cups presented to Viv McArthur (Axe River) for her cross stitch and Eva Schofield (All Saints) with her apple cake.

Axe River members laid on a tea. The group has an intriguing programme of events in the pipeline.

New members are welcomed at our meetings which are held at the Methodist Church Hall, Lyme Road, Axminster on the third Tuesday of each month, please contact President Ann Keane on 01297 59895 if you would like to join us.

HONITON

AT Honiton Evening WI's recent meeting Alvi Bliss and Sue Bewsey presented one of Mary Berry's 'absolute favourites', Lucy's Strawberry Slices.

This was followed by Pam Keane, Shirley May Saunders and Jenny Roberts talking about June's WI Centenary Garden Party at Buckingham Palace, hosted by the Duchess of Cornwall. Three coach loads of Devon WI members had also been there, some of whom attended the National Federation's Centenary Annual Meeting at The Royal Albert Hall two days later in the presence of The Queen, Princess Anne and Duchess of Wessex.

The business continued with a report of the trip that 45 members plus family and friends had enjoyed on the Tiverton Canal, a Segway experience in Haldon Forest, and a beach barbecue at Branscombe. Events to look forward to include a mystery coach trip, a WI Garden Party at NT Killerton, and a Centenary Group Meeting at Offwell with five neighbouring WIs.

Our next monthly meeting will be a quiz evening on Tuesday 18th August at 7.15pm at the Methodist Chapel off New Street. Visitors are always welcome.

Fire & Rescue Service responds

■ I AM writing in response to a letter published in your 28th July edition from Richard Cole.

It is always fascinating to hear the public perception of the role of the Fire & Rescue Service and we are always grateful to have the opportunity to explain our approach and to dispel myths.

In terms of finance we are facing the biggest challenges in a generation. Over the past 10 years Devon & Somerset Fire & Rescue Service has saved 10 per cent of its budget whilst proudly still providing the same levels of response to fire and other emergencies. We scrutinise and challenge our spending thoroughly and consistently as custodians of the public purse. Our performance has improved with house fires, injuries and deaths all decreasing over this time.

When mobilising to incidents the level and type of response is calculated based on the distance and journey time from the nearest fire station, how many firefighters it would take to safely deal with an incident in the initial stages and the type of building.

The building that was attended on this occasion is particularly large and dates back to the 18th century. As a consequence the building has many voids which makes it particularly difficult to control a fire. These voids can accelerate fire spread which can be extremely hazardous to firefighters and have resulted in firefighter fatalities in the past. Whilst the fire on this occasion was small, the number of fire appliances

sent is consistent with the factors I have mentioned and will allow the Incident Commander to make an appropriate attack in the early stages should the fire have grown between the 999 call and our arrival, as it often does. Back-up can be called but this introduces an unnecessary delay, resulting in an increased risk to firefighters and greater damage to buildings. As a point of clarity fire appliances will never be sent to an incident to 'practice turnouts'.

It is interesting to read that there is a belief there are too many part time or retained firefighters. Retained firefighters make up over 80 per cent of firefighters in the UK and play a vital role in providing fire and emergency cover in remote, rural locations and smaller towns. They are trained to the same standard as full time firefighters and provide a very cost effective way of ensuring an emergency response. In terms of full time firefighters, long gone are the days of fire stations with snooker tables and bars. The modern full time fire station has a huge role to play in enforcing fire safety law in public buildings, making people safer from fire in their homes, providing education on road safety and a whole host of proactive campaigns aimed at making people safer. As the firefighter role has broadened to include rope rescue, rescuing people from water and vast improvements in technology, the importance of training has grown significantly.

Lastly is there an option to close either Colyton or Seaton station due their proximity to each other? The fact is that both play a vital role in providing protection and response to their own communities. They also make up part of the overall resourcing for larger fires in East Devon. I would expect that the residents of both towns would be concerned if one of the stations closed and made a delay in emergency response to their home."

Please stop speeding through Shute

■ I HAVE recently moved to Shute, which is a beautiful little hamlet where I thought my very stressful life would start to calm down and I would enjoy the peace and tranquillity of a Devon idyll.

Shute itself is stunning and I love the cottage we have moved into.

However this has been somewhat spoilt by the total lack of consideration from drivers of all ilk, from school mums' cars to 10-tonne cement trucks, coaches, vans; you name it, it hurtles through the 30mph speed limit at horrifying speeds.

In just under three weeks of living here my poor little girl cat Si was mown down and killed and just left in the road and her mother Dotty is missing.

These are my fur babies and part of the family.

It hurts. I have heard terrifying stories from neighbours of having to dive into hedges to avoid being hit whilst cutting hedges, despite warning signs being placed by the road, and a chap actually being pulled from his car by the legs whilst getting into his car by a driver far too close and driving far too fast. INSANE.

There is a school at the bottom of the road and

elderly residents not so quick on their feet.

Where is the fire? Why do you need to tear along like you are in a race? What if it was your pet or your relative? PLEASE, PLEASE folks have some consideration for us residents and our children and pets and SLOW DOWN.

It's 200 yards, not two miles. We are asking for your patience and awareness, especially at night when the animals are about. The police recently removed a deer from the road.

Let's hope its not a child or resident next time. Its 30mph for a reason. SPEED KILLS.

Transparent rubbish

■ THREE-week bin collections are just about saving money for East Devon District Council.

East Devon is an outstanding place to live, but unfortunately it is controlled and led by 'rubbish' council chiefs who are as transparent as frosted glass... in my opinion.

■ OVERHEARD last at the the tram station.

Courier or driver of touring bus to their group alighting from tram: "Coffee over there," she said, pointing to Costa.

"Town that way," waving in general direction of town.

"But there's not much there."

No wonder our traders are having a hard time especially as there are several very pleasant places to take coffee in the town.

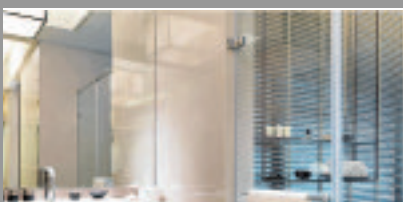

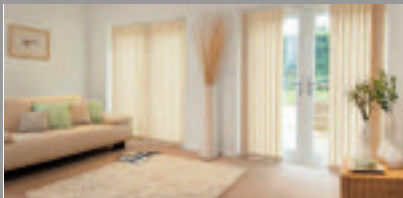

Perhaps the chamber of commerce could spare a person to oppose this view.

Silk Stocking Lingerie

Silk Stocking is celebrating their milestone 18th anniversary and offering a special sale rail, where a variety of ranges are reduced by up to 70%, now priced at the promotional offer of just £18 per garment!

SHIRLEY Bailey, owner of Silk Stocking has a wealth of experience in specialist fittings after being in the lingerie business for nearly three decades. Shirley learnt her trade in a small department store where she loved meeting customers, giving them her time and advice. After attending her initial lingerie measuring and fitting course she realised that there wasn't a huge choice for ladies with a larger bust, a lot of ranges, especially the pretty ones stopped at a D cup. After considering that

options were somewhat limited Shirley saw the opportunity for a specialist lingerie shop and realised her dream of owning her own business. Shirley opened the doors to Silk Stocking eighteen years ago. After six very successful years of offering specialised guidance for buying bras and undergarments the store was moved two doors down to a larger premises, where the Silk Stocking still is today. Through a lot of word-of-mouth recommendations from satisfied customers and repeat, loyal custom from ladies near and far the positive reputation of the shop grew and grew. As has Shirley's knowledge, attending regular training courses and learning from feedback from each and every customer.

If you would like a specialist fitting or some friendly advice call into the shop and speak with Shirley and her small team, they will be delighted to help.

The specialist shop is a local favourite, a huge variety of ladies lingerie is kept in stock in a wide range of sizes as well as swimwear, nightwear and

Celebrating our 18th Anniversary

More than three quarters of women wear the wrong size bra, to make sure you aren't one of them visit Shirley and team at The Silk Stocking.

Shirley has been successfully fitting customers for 28 years the last 18 years of which in her own successful shop.

A specialist service that has seen repeat, loyal custom from ladies all over the country.

Q&A with Shirley

Why are people wearing the wrong size?

Some ladies have just never been fitted and have even worn the very same size all their lives. Those who have sought advice maybe haven't done so regularly and not taken into account the changes and fluctuations over years. Or unfortunately due to the lack of specialist advice, I often hear accounts and see evidence of incorrect fittings from other stores. Getting measured and fitted in the Silk Stocking is a different experience to any chain shop that often fit for their own brand of bras that are a different size scale to the well-known brands.

Why is it important to get fitted?

Wearing the correct size bra not only improves comfort it also improves health and posture making ladies look and feel better.

Often customers come in for health reasons and getting cor-

rectly fitted can prevent back/neck ache and shoulder pain. It is also important to get correctly and regularly measured during pregnancy and fitted for suitable non-wired or maternity bras. It is also especially important after breast surgery.

What is the most common size you sell in the Silk Stocking?

This will surprise people, 34/38 F. Years ago bra sizes stopped at a D/DD. Times have changed with our knowledge of measurements and subsequently products available so an F cup is actually quite average.

How does your service differ from other shops?

I offer a personal service where as other shops don't. I have trained my staff and stock the sizes for beautiful larger ladies in a variety of styles. We take our time to measure, fit, assist, advise and really offer a personal shopping experience.

What's your best selling brand and why?

Not necessarily just for bras but would say Sloggi for comfort.

What is your best selling bra and why?

Fantasia and Freya (now owned by Wacoal) for larger bust ladies as the vast ranges start from a D cup. Also Lepel for all generations.

What specialist Lingerie do you stock and fit for?

We offer a discreet and understanding measuring and fitting service for mastectomy wear. Also for maternity and bridal wear. We also sell bra-sized swimwear that we advise on.

7 Steps to the perfect fit

1 - The band around the bra needs to be firm but comfortable

2 - Ensure the back of the bra is in line with the front of the bra and is fastened on the loosest hook

3 - The cups should not come too high underneath the arms as this may cause rubbing and discomfort during wear

4 - The whole of the breast should fit neatly into the cup, with no excess flesh behind the cup or over the top of it

5 - Wires and boning must lie flat against the body and go right around the contour of the breast

6 - The centre front of the bra between the breasts should lie flat against the body

7 - Straps must only be adjusted until you feel the breast is supported into its natural position, usually half way between the shoulder and the elbow

The most common fit mistake is that many of us are wearing back sizes that are too big and cup sizes that are too small.

There is a lot more choice these days with cup sizes ranging from AAA through to N and band sizes from 28 to 56.

Bridal Lingerie

BRIDAL underwear is as important as the gown itself on your wedding day. It is vital that you look and feel beautiful on your special day, all day.

At Silk Stocking, they take pride in their range of stunning lingerie and bridal underwear, which includes bras, basques, bodices, and a variety of briefs, suspender belts, hosiery and bridal accessories.

The designs vary from seamless and shape-wear to delicately embroidered fancy styles. The designs cater for the variety of dress designs. Off the shoulder and low back designs are extremely popular and it is important that supportive lingerie is fitted to flatter each individual style. With the vast range of lingerie available you will also find something suitably tasteful for your honeymoon.

Swimwear is kept in stock all year.

Swimsuits, Tankinis and Bikinis come in all sizes and with matching accessories and cover-ups. Make an appointment and bring along your wedding outfit to be fitted correctly.

16th Annual WINGS & WHEELS

HENSTRIDGE • SATURDAY 29 AUGUST 2015 • GATES OPEN AT 10AM
RAISING FUNDS AND AWARENESS FOR DORSET & SOMERSET AIR AMBULANCE

It's That Time of Year Again!

AS THE August Bank Holiday draws near the small families of rabbits, who normally enjoy a bit of peace and quiet on one of our former wartime airfields, know that it's time to go on their own vacations. The former naval air station 'HMS Dipper' at Henstridge is gearing itself up for one its biggest annual events... 'Wings and Wheels'. While it may not be quite as noisy or dramatic as the wartime years when, as H.M.S Dipper, it was host to a constant procession Fleet Air Arm squadrons training and working-up; it can still see over a hundred light aircraft and scores of vintage and classic vehicles gathering on the airfield. Add to that the hundreds of visitors, and the ever early-rising teams of stewards and marshalls, and you can see why 'bunny' seeks somewhere less busy for his Saturday frolic.

August 29th is the date for your diary and it

several decades. It's true that their uniforms, apart from the ATC cadets of course, are a bit on the casual side....to say the least! But between them they have organised and participated in the best part of five hundred similar venues spread over a score of airfields. It is no surprise that they take great pride in the fact that their first-aid providers have only been troubled for the occasional wasp-sting and an asprin; the latter is usually for the 'boss' with the headache from trying to keep an eye on it all.

While every year is always something special, there is never room for any complacency in this business, this year's event is a bit extra special. For a start it is the 15th Anniversary of the Dorset and Somerset Air Ambulance on whose behalf the event is staged; and, more importantly perhaps at a national level, it also marks the 75th Anniversary of the Battle of Britain.

As always G-DORS, the current helicopter, will cross over to crowd-side and her crew will be happy to give visitors a look around and to chat about her role and achievements. This is one of the rare opportunities for her supporters and admirers to get 'up-close-and-personal' to this vital piece of life-saving equipment.

The second important anniversary will be marked by the regular roar of the Merlins which power the aircraft of the BBMF. This is more than a little significant as both Spitfires and Seafires were regularly based at Henstridge and

made full use of its original five runways. Needless to say the visiting Spitfire and Hurricane will not be 'landing-on'....though they may well be low enough to give that impression! As we go to press we can confirm that, although originally allocated, the BBMF's Lancaster will be unable to appear. The aircraft, now affectionately known as 'Thumper' from her 617 Squadron colour scheme, suffered a major fire in her Number4 engine while on a pre-season practise sortie. The latest from the Flight is that she is unlikely to even begin air-testing before the end of the season.

The admission price for Wings & Wheels has been held for yet another year at just £5:00 for adult visitors. Accompanied youngsters under sixteen are welcomed free and there are no additional car-park charges. It makes for a low-cost, high-interest family day-out. And, even if you're not a plane or car enthusiast, you won't want to miss the legendary 'Joe's Barbie' for a mouth-watering munch before you stroll around the visiting aircraft. The gates open at 10am and the event winds-down around in the late afternoon with the BBMF providing the dramatic finale around 5:30pm.

Don't forget to look at page (PAPER PLEASE NUMBER) where your 'View From' newspaper has a special competition giving one lucky reader the chance to take to the air in a genuine World War 2 de Havilland Tiger Moth. And, if you arrive on the airfield before noon, your numbered copy of the day's Safety Notice may well win you a similar exciting experience in the lunch-time lucky-draw.

marks the sixteenth staging of this popular

show which still remains a volunteer-led enterprise. Not that you would notice it since, like all aviation events, it is run within stringent guidelines by a team who have worked together for

16th Annual WINGS & WHEELS

HENSTRIDGE • SATURDAY 29 AUGUST 2015 • GATES OPEN AT 10AM
RAISING FUNDS AND AWARENESS FOR DORSET & SOMERSET AIR AMBULANCE

From Two-Wheels To Six!

THE presence of classic and vintage vehicles at aviation events is nothing new. They can both represent the quality and infinite variety of their respective manufacturers. To put it more simply...they both look good on their own and they look even better when they can be admired together.

Even in the early years the cars and the other vintage and classic machines quickly earned their rightful place on the posters and the original fly-in was re-named as 'Wings & Wheels'. As with our pilots, the drivers are requested to 'register' in advance. Unlike many shows this is not to permit some kind of prestige-vetting; it is simply because Henstridge Airfield is somewhat 'strapped' for display space. That may seem a little peculiar since everyone knows that war-time aerodromes were nothing if not somewhat large affairs. However, most of the airfield's current real-estate is located across the runway on north-side and is therefore a definite 'no-go' area for public events.

Despite this obvious lack of available grass, the organisers...by some careful planning, some tight parking and more than a bit of luck...have never had to decline a would-be applicant. Indeed, on those occasions when a rare or worthwhile exhibit turns-up un-announced (out-of-the-blue like some of the aircraft) the stewards somehow manage to find those extra few square-feet to display it.

The dreaded 'Rules and Regulations' are kept to a minimum and everyone works hard to ensure that the day is as informal, relaxed and safe as possible. 'Wings & Wheels' are justifiably proud of their reputation for being a truly old-fashioned, traditional and, above all, friendly event. So, whether you are into A.J.S. Armstrong Siddeley and Alvis or prefer Zephyrs and Zodiacs...the chances are you'll find them at Henstridge on Bank Holiday Saturday. And 'yes' there's always the chance that there will be an olive-green GMC 'deuce and a half' amid all that chrome!

WIN a Flight in a War Time Tiger Moth

The publishers of View From newspapers are delighted to be able to offer you another chance to win an exclusive and exciting prize. In conjunction with our friends at Wings and Wheels, we have secured a further opportunity for one lucky reader to follow in the slip-stream of the Battle of Britain pilots. You too can take to the same summer skies over Dorset and Somerset. This is your chance to win an AIR EXPERIENCE FLIGHT IN A LEGENDARY WAR-TIME 'TIGER MOTH'....this much loved little aeroplane was the probably the first aircraft that the fighter-aces encountered as they began their training.

Our lucky winner last year, herself no stranger to aviation, described it as..."Simply the experience of a lifetime!" Your pilot on the day will be one of the top-flight trainers from the airfield-based Tiger Moth Training (www.tigermothtraining.co.uk) and your aircraft will be one of their three immaculately restored World War Two examples based on the airfield. YOU might be the one to be flying over Henstridge on the very same day as the historic Hurricane and Spitfire from the BBMF!

Just answer the simple questions and return to our offices: c/o Rob Coombe, Wings & Wheels competition, View From Newspapers, Unit 3 St Michael's Business Centre, Church Street, Lyme Regis, Dorset, DT7 3DB before the closing date of Friday, 21st August 2015. *Winners will be picked at random, editors decision is final.*

16th Annual WINGS & WHEELS

HENSTRIDGE • SATURDAY 29 AUGUST 2015 • GATES OPEN AT 10AM
RAISING FUNDS AND AWARENESS FOR DORSET & SOMERSET AIR AMBULANCE

'Wings & Wheels' at Henstridge

August Bank Holiday Saturday will see the sixteenth staging of this most popular event. While it was first conceived as an end-of-season fly-in for just vintage and classic aircraft it was soon attracting large numbers of restored vehicles and all types of aeroplanes. In its second year it was joined on the airfield by the helicopter of the Dorset & Somerset Air Ambulance and the re-titled event then became dedicated to raising funds and awareness for this vital charity.

The show has remained a 'must-visit' venue for pilots and drivers alike, many making lengthy trips in their often elderly machines to be present on this former naval air station. The organisers are made up of a combination of the airfield's regulars supported by volunteers from the former 'Vintage Flying' team; often with additional, and much appreciated, help from xxxsq-nATCxxxxxxx. Together, they work hard to maintain their reputation for the event's informal atmosphere and very modest admission price. Adult visitors pay just £5:00 and accompanied under-sixteens are welcomed free. This must make it one of the cheapest family days-out in the area...and it's all in such a good cause.

If the flying weather is kind across the south of the country, visitors can expect to see over a hundred light aircraft landing on Henstridge's main or grass runways. Many pilots may have come from airfields and farm-strips as distant as Kent, East Anglia,

the Midlands and the far South West. Most will try to arrive before lunch when the team re-position the barriers so that everyone can walk freely and safely through the air-park. This unique opportunity for close-up viewing is a 'Wings & Wheels' feature that ensures its constant popularity...many of the audience planning their annual holidays to include it on their schedule. Among the other highlights are the exciting displays by the model fliers; the 'meet-and-greet' visits to crowd-side by the air ambulance; the chance of a spectacular 'twizzle' by one of the departing display teams; and the annual 'fly-past-salute' by the historic aircraft of the BBMF. Almost as much a highlight is the renowned lunch-time Barbecue and Hog Roast; something that finds favour alike with visitors, drivers, pilots and any off-duty volunteers.

This year is the 15th Anniversary for the DSAA and it is also the 75th Anniversary of the Battle of Britain. The events commentator will chat about of these and with special emphasis on the squadrons that fought over the harvest fields of Dorset and Somerset in 1940. To mark the occasion the show will close with the fly-past by the BBMF Spitfire and Hurricane. As an extra tribute, all visitors arriving before...will get free entry into a 'lucky-draw' to win a flight with airfield based Tiger Moth Training in one of their three war-time 'Tigers'. Gates open at 10 o'clock...don't be late!

What's Coming In Next?

VISITORS who regularly attend airshows, but have not previously been to a 'Fly-in', may well be left wondering why there is no official programme or timetable. The answer is that no-one knows which aeroplane will be the next one to call 'finals' before touching down on Henstridge's runways. The pilots will have been politely requested to make a booking in advance, but arrival times are never specified. The simple fact is that to do so would be a near impossibility. The aircraft can vary from vintage pre-war biplanes to the latest sophisticated tourers...with home-builds and micro-lights in there for good measure. Their flights can be an easy 'five-minutes-downhill' from Compton Abbas or a long haul in from East Anglia or deepest Devon.

If those were not enough in the way of complications, then there are always the fliers who make up their mind to 'drop-in' on the day. Everyone is always welcome and, in the last fifteen years of Wings & Wheels, no pilot has had to be turned away.

Then there is that final deciding factor from which no aviation event can escape...the good-old British weather. Light aircraft are obviously particularly prone to the whims of 'the bloke upstairs'. If the Metcast looks at all 'iffy' then it's not worth trying to make it in. The maxim about 'old pilots and bold pilots' applies at all times. Some aircraft are of course more susceptible than others. As the commentator often (and always politely!) points out... "would you fancy an hour so in a 90 mph open-cockpit bi-plane on a wet morning, with a 40knot headwind and the cloud-base on the deck?" But, when the skies are blue and the winds are light then Henstridge can, and does, attract well over a hundred planes. And what is more the public get the almost unique chance to view them 'close-up' during the regular lunch-time airpark opening and walk-round.

Sam Sweeney's Fiddle – Made in the Great War

SAM SWEENEY, BBC Radio 2 Folk Musician of the Year 2015 and fiddle player in folk super-band Bellowhead, is taking his show – Sam Sweeney's Fiddle: Made In The Great War on the road in September 2015.

After a triumphal tour in 2014, playing to packed houses the length and breadth of England, Sam, together with Bellowhead bandmate Paul Sartin and acclaimed concertina player Rob Harbron, will appear on stage with award-winning storyteller Hugh Lupton to tell the story of a violin that lay unfinished in a manila envelope for nearly a century. Eight years ago Sam Sweeney

bought a violin in Oxford. It had all the appearance of a new instrument but the labels inside gave the date 1915, the name Richard S. Howard and the words 'Violin No. 6, Made in the Great War'.

Research revealed that the violin had been started, but never finished, by an amateur luthier and some-time music hall performer from Leeds called Richard Howard. Conscripted in 1915 at the age of 35, he was killed two years later at the battle of Messines near Ypres. 'Violin No 6' had been left unfinished in his workshop. The pieces were placed in a manila envelope and eventually wound up in an auction house

almost 100 years later. The parts were bought, and the violin was finally finished, by luthier Roger Claridge in 2007. The fiddle was then placed in the window of his Oxford music shop where it was spotted and bought by Sam.

'Working on this show has completely changed the way that I see the First World War' says Sam. 'By looking at it through the story of one man, I have begun to understand so much more about war and its impact on people'.

Sam's show brings the reality of the First World War to life through the story of an ordinary man, his family and his comrades using story, music and film as well as playing the actual

fiddle that Richard Howard started but never had the chance to finish.

Since taking the show on the road in 2014, another Richard Howard violin, 'No 2', has come to light, together with pictures and memorabilia of Richard himself. The story behind this fiddle continues to unfold bringing previously unknown descendants and relatives together for the first time at shows.

Sam Sweeney's Fiddle - Made in the Great War comes to Yeovil's Octagon Theatre on Monday, September 7th. For more details and to book (tickets £15) call 01935 422884 or visit the website at www.octagon-theatre.co.uk

Don't miss the guv'nor of folk rock this Thursday

ASHLEY HUTCHINGS is renowned as being a founder member of iconic band Fairport Convention and other successful folk rock bands including Steeleye Span and the Albion Band. Often referred to as the 'Guv'nor' of folk-rock in the UK, his musical credits also include hit solo albums and collaborations for film and television.

What is less well known about Ashley is his talent as a wordsmith. In 2014 he published his first book; Words Words Words; a personal selection of song lyrics, poems, sonnets and other writings that both span his entire career – and tell his story.

ings that both span his entire career – and tell his story.

An evening in Ashley's company is an opportunity to listen to him tell the stories behind the writings, add detail to the history of the bands he has created and describe some of the many projects he has brought to fruition. Hutchings will be joined by talented violinist Ruth Angell.

Ashley Hutchings will appear at the Marine Theatre, Lyme Regis on Thursday, August 13th. Doors open 7.15pm for 8pm start. Tickets are £14 and £12.

Another TRIP to The Beehive Cinema planned

FOLLOWING on from the tremendous success of the 'Second Best Exotic Marigold Hotel' and the wonderful service that TRIP community transport gave Honiton residents, Co-Op Funeral care are very kindly sponsoring another free mini bus service to 'A Royal Night Out', our film on Friday, August 14th at 7.30pm.

Based on untold true events, *A Royal Night Out* (12A) is the heart warming and charming tale of the Queen as you've never seen her before. VE Day, 1945. Across the world, people are celebrating the end of the war. London overflows with celebration and excess. Two teenage sisters are allowed out at night for the first time to join the party. They have an amazing adventure; it's like a first date. And they get back home far too late. Home is Buckingham Palace. Our two teenagers are Princess Margaret and the future queen of England, Elizabeth II.

To book a place on the Honiton Community transport service to The Beehive Cinema for 'A Royal Night Out' please ring 0140446529.

The Irish Giant's love of Beer!

IT WAS 21 years ago this summer that Brian Jones first visited Pecorama with his loco 'Finn MacCool', which when translated means the 'Irish Giant'. Brian has since travelled each and every year from Newtownards near Belfast, a 275 mile journey by road plus an eight hour ferry crossing.

Brian's annual pilgrimage to Beer began in 1995 when he saw an advert in Peco's own publication, The Railway Modeller. The advert carried an appeal for owners of suitable sized 7 ¼ inch locos, to attend Pecorama's first Steam and Model Festival, in June of that year.

Brian was the very first to respond, booking his place for his

Thomas II class loco, 'Finn MacCool'. For him there was a sense of returning 'Finn MacCool' to his ancestral home, as the very first Thomas II type locomotive was built for the Beer Heights Light Railway back in 1979.

The combination of the Railway and the lovely village of Beer itself proved an irresistible mix for Brian and in subsequent years, he has brought his wife and grandchildren from East Grinstead with him, staying locally in the village for the duration of the school summer holidays.

In 2002 Brian qualified as a driver for the Beer Heights Light Railway and

has worked thereafter as a bona fide member of the BHLR team.

Strangely, for a railway locomotive then, Brian's lovingly polished and immaculately maintained engine must have travelled many many more miles by road than rails!

What happens to your 'grey matter' when you retire?

By Claire Spreadbury, Press Association

"Retirement means you have to 'reinvent' yourself," says Annie Kaszina, coach and author of *Do You Choose Your Dog More Carefully Than Your Husband?* "For some people that works really well, for others it does not; they struggle to find a sense of meaning and purpose. They become less valuable in society's eyes. One of the questions we hear all the time is: 'What do you do?' It's a question that presupposes your worth and interests are intimately connected with your working role, not who you are."

"While the capacity for heavy physical work may de-

cline with the years, the capacity for creative thinking does not. June Brown is a case in point. She is perfectly capable of deciding for herself when she needs to scale back. The country needs more icons like her and Bruce Forsyth in the public eye, to remind us that older just means more years on the clock. It doesn't have to mean physically or mentally infirm.

"Besides, working longer may well also save the Government money. An interesting report from the French government suggests that people who work longer are significantly less likely to suffer from dementia."

Walking Football

Walking Football

LOVE Football? Want to stay Active? Walking Football, a slower version of the beautiful game!

The game is small sided, with no running on or off the ball, very little contact and kick-ins instead of throw- ins. With less stress on the body and no real sudden change of direction or cutting movements, the game allows participants to play in a safe environment.

Walking football has become increasingly popular and is designed to help people live an active lifestyle, as well as to support getting people back into football who have stopped playing due to age or injury. Long-term benefits can include reduced heart rate and blood pressure and better mobility.

As well as offering health benefits walking Football offers social benefits - the opportunity for participants to meet new people, prevent isolation and create interaction for individuals and small groups.

Sessions are taking place across the three counties for men and

women keen to come back to playing the game or brand new and wanting to stay healthy, make friends and socialise. For those who want competition they are also developing a Walking Football League across the region.

For details on how to join in with sessions in Dorset or to enter a team into the league please contact Justine Mosley at Justine.mosley@dorsetfa.com or 01202 688277.

Bymead House Nursing & Residential Home

BYMEAD House Nursing & Residential Home in Charmouth has been owned by Susan Blacklock - a qualified nurse with a background specialising in Community Nursing - for 20 years.

Her philosophy is to provide truly individual and therapeutic support including complimentary therapies such as acupuncture, to whatever degree is wanted or required.

She has always believed that this support should extend to the families and friends of those living at Bymead House as they form an important integral part of the care network within the home.

Bymead has always been proactive with the care provision and facilities on offer to the residents.

We have recently achieved accreditation for the 'Gold Standards Framework in Care Homes', this enhances the excellent care we already provide and is part of a national initiative to achieve the best quality of life for our residents particularly towards the end of life.

A very important part of the support Bymead provides is their extensive activities programme. In line with their philosophy of holistic care, these activities are tailored to suit the individual needs of their residents.

The varied weekly programme reflects hobbies the residents may have had in their previous home and any new interests are encouraged and supported. Also outings to favourite destinations

are chosen by the residents.

Sue Bartlett-Hall, activities co-ordinator, has been instrumental for many years in taking forward Susan Blacklock's vision of the therapeutic importance of social activities in relation to the happiness and wellbeing of people living within a care home.

Using local suppliers has always been important to Bymead House, this ensures that Bymead have frequent deliveries of fresh local produce each week enabling them to provide a varied, nutritious and tasty menu and special diets are also catered for.

Bymead continues to grow and develop as a vital care provider in the community.

Residents are encouraged to make the rooms their own personal space with favourite pieces of furniture, pictures and paintings.

All bedrooms are single and most are en-suite whilst each room has a telephone and television

Bymead House would welcome any visits to the home, at any time, to see the benefits on offer.

Our new website has some lovely photos of the newly decorated areas; you can find this at bymeadhouse.com

SPOTLIGHT

SPOTLIGHT ON MY SERVICE

Tip Top Trees

Tip Top Trees has been established for 16 years,
based in Honiton we cover all areas of East
Devon and Exeter.

Our services include all aspects of tree work in-
cluding, crown reduction, pruning and felling,
TPO Application and Conservation Orders.

All other aspects of garden care, fencing and
landscaping undertaken.

We are fully insured and qualified and we pride
ourselves on our quality of service and provid-
ing a Tip Top job every time.

Was started by Sean Kelly in May 1998, after
several years of working with other tree compa-
nies,

Sean decided that his future prospects in the in-
dustry that he loved would be better served by
going it alone.

He spent several months gaining the extra qual-
ifications needed to work by himself and carry-
ing out market research to put together his
businessplan.

During this time he went to the Princes Youth
Business Trust with his ideas and with their help
was successfully granted a loan to start up Tip
Top Trees.

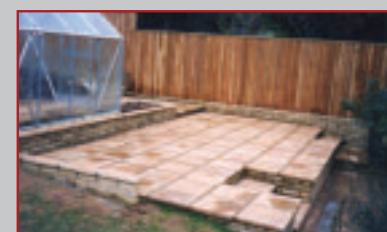

After working by himself for 6 months Sean re-
alised the best way forward was to employ
someone else. He did this and since then the
business has gone from strength to strength.

Sean has always taken great pride in his work
and all jobs are completed to his own high stan-
dards. As you will see from the online Portfo-
lio.

"Thanks for visiting our site" Sean Kelly.

Fastest ever Audi S8 sets new benchmark with 605PS and 189mph

SUPERCAR pace and archetypal Audi A8 luxury converge in the Audi S8 plus, a new evolution of the already formidable S8 performance saloon developed using the combined expertise of Audi and its specialist high performance division quattro GmbH. Ramping up power from the 520PS offered by the 'standard' S8 to an intoxicating 605PS, the S8 plus is also capable of producing up to 750Nm of torque on demand - the highest output of any Audi in the current model range. It will open for ordering in October, priced from £97,700 OTR, and first UK deliveries are expected to commence in January 2016.

Encased by the lightweight, predominantly aluminium Audi Space Frame, which in isolation weighs just 231kg, is a modified version of the 4.0 TFSI engine already used to power the current 520PS S8. This sonorous V8 biturbo unit has been extensively modified and gains special engine management control with speed and charge pressure boosting to its modified exhaust valves. The inner geometry of the turbocharger has also been optimised for efficiency.

An overboost function facilitates the maximum torque elevation from 700Nm (516.3 lb-ft) to a muscular 750Nm (553.2 lb-ft) when required. As a result, a mere 3.8 seconds is all it takes for the stately super saloon to blast past 62 mph, after which it swiftly pulls towards an electronically limited 155mph top speed. Upon

choosing the optional dynamic package, top speed increases to 189mph, and fade-resistant carbon-fibre reinforced ceramic brakes are added, featuring brake calipers finished in anthracite-grey with the Audi ceramic logo.

The full force of this prodigious output is transmitted to the road via an eight-speed tiptronic transmission and quattro all-wheel drive. A sports differential apportions the torque between the rear wheels for optimum directional stability. Chassis highlights include the S

sports adaptive air suspension and dynamic steering, both of which have been tuned specifically for the S8 plus. UK specification models are fitted with 21-inch alloy wheels in a unique high-gloss black double-spoke design shod with specially designed size 275/35 tyres.

The standard dual-branch sports exhaust system opens out into two oval high-gloss black tailpipes on the left and right. It is modified by quattro GmbH and gives the S8 plus an unmistakable V8 sound.

Toyota Safety Sense features introduced for Aygo and Yaris

WHERE Toyotas are concerned, being small is no barrier to benefiting from the latest safety technology. The Aygo city car and Yaris supermini are now available with Toyota Safety Sense, providing a suite of features that can help prevent an accident happening, or reduce the severity of an impact.

Toyota Safety Sense is being rolled out across the range following its introduction earlier this year in the new Avenis and Auris. Aygo and Yaris customers can now specify the package as an option on their new car, adding to the models' already impressive active and passive safety features.

On Aygo, Toyota Safety Sense provides a laser-controlled Pre-Collision System that warns the driver of an imminent collision with a vehicle ahead (Forward Collision Warning) and readies Pre-Crash Brake Assist to deliver emergency braking as soon as the brake pedal is pressed. Should the driver fail to take action after the warning, the system will initiate Autonomous Emergency Braking to reduce speed by about 19mph, potentially bringing the car to a stop, to prevent a collision or reduce the force of impact.

The Forward Collision Warning works at speeds between 10 and 86mph, when the relative speed between the Toyota and the car ahead is greater than 10mph. The Pre-Crash Brake Assist functions at speeds between 19 and 49mph, with relative vehicle speeds greater than 19mph. For Autonomous Emergency Braking, the speed range is from seven to

49mph.

A Lane Departure Alert function is also included. This monitors lane markings on the road and helps prevent accidents and head-on collisions caused by a vehicle moving out of its lane. If the car starts to deviate from its lane without the turn indicators being used, the system alerts the driver with visual and audible warnings.

The same Toyota Safety Sense features are available for Yaris, together with Automatic High Beam. This detects both the headlights of oncoming vehicles, and the tail lights of vehicles ahead, automatically switching between high and low beams to avoid dazzling other drivers and improving the driver's night-time vision.

Toyota Safety Sense is available now as an option on all Aygo models apart from x grade, price £375. The package for Yaris (all grades apart from Active) costs £400.

Struggling to break the drink drive habit

BRAKE, the road safety charity, has reiterated its call for a zero-tolerance drink drive limit, in response to government figures showing Britain is still failing to adequately tackle its drink drive problem. A final estimate shows 240 people were killed by drivers over the legal drink drive limit in 2013, while provisional estimates suggest at least that number were killed again in 2014.

However, the number of people seriously injured in drink drive crashes did fall by 8% to 1,100 from 2012 to 2013, with drink drive casualties of all severities down 17% to 8,270 in the same period. Brake has cautiously welcomed this news.

The figures show that the profile of Britain's illegal drink drivers has remained largely the same:

Three quarters (74%) of those killed and seriously injured are male.

More than three in ten (31%) drivers killed aged 25 to 39 are over the drink drive limit – the highest of any age group.

A quarter of drink drive deaths and serious injuries result from crashes where a young driver (17-24 years old) was over the limit.

Brake is highlighting international evidence showing that lower drink drive limits and increased enforcement help to bring down drink drive crashes.

Meanwhile, provisional figures for the year ending March 2015 have again shown little progress in overall road casualty reduction, with casualties of all severities down 2% to 186,060 – too small a fall to be statistically significant. Brake advocates the reintroduction of ambitious casualty reduction targets to stimulate meaningful progress, and is calling on the government to adopt a 'vision zero' approach.

Julie Townsend, deputy chief executive, Brake, said: "While the overall reduction in drink drive casualties is encouraging, it is sad and disappointing to learn that the number of deaths has remained the same – as it has approximately since the government axed road casualty reduction targets in 2010. Education on drink driving is important, but it can only achieve so much. It seems we have reached a point where further meaningful reductions in devastating and needless

drink drive deaths and serious injuries require more decisive action. Brake is calling for a zero-tolerance drink drive limit and greater priority and resourcing for traffic policing: evidenced steps we're confident would help tackle this menace. Scotland has already seen promising signs of reducing drink drive rates after lowering its limit. In this context, it is unacceptable for the Westminster government to maintain the highest drink drive limit in Europe."

Local sport round-up

Rivals victory sees Ax in bottom two

Rockett ton launches Kilmingdon clear at the top - Kennard double act too much for Exmouth

Honiton 1st XI v Kilmingdon 1st XI

HONITON travelled to face high-flying Kilmingdon, and with a couple top order batsmen still on route due to traffic problems, skipper Rob Ingram decided to bowl first.

This seemed to be a mistake as the home side amazed 307, but if a number of dropped catches had been taken then the decision would of been good one. Adam Holmes (3-34) was the pick of the bowlers.

Honiton's reply got off to a bad start against some hostile bowling from Tom Gooding, and they were staring down the barrel at 40 for 5.

This bought Andy Canniford (45) and Captain Ingram (95) together and the pair restored some pride to the scoreboard adding 146 before the skipper was out just short of a well earned century. This was pretty much it as they were finally out for 213 with Gooding finishing with an impressive 6 for 26.

Honiton 2nd XI vs Kenn 2nd XI

IN glorious sunshine Honiton 2's looked to keep their promotion hopes alive against Kenn.

Honiton lost the toss and had to field first in ideal batting conditions. But the Honiton attack largely kept the Kenn batsmen in check and once they took the first wicket they then struck at regular intervals.

Richard Hill (2 for 18), Corey Lapping (2 for 22) and Ian Kelly (3 for 23) doing the damage as the visitors were all out for just 131.

In reply the home side lost an early wicket but opener Pete Beighton (33no) batted throughout and was well supported by Kieran Conway (34) and Richard Potter (20no) did what was required to secure the 20 points.

The captain was pleased with his side's effort: "This was as close to a perfect display as we have put in all season - our fielding backed up the bowlers, who themselves bowled well as a unit."

DEVON CRICKET PREMIER DIVISION

Plymouth 239 for 9 (Stephenson 72, Simmers 62; Golding 3-43) Bovey Tracey 200 (P.Brady 58, Hammett 55; Kerton 4-11, B.Stein 3-34). Result: Plymouth (20 points) beat Bovey (eight) by 39 runs.

Ten-man Tigers beaten on historic day

BY HOWARD LARCOMBE

AXMINSTER TOWN 1 St MARTINS 3

South West Peninsula League (Division One East)

AXMINSTER Town's first ever league fixture at their excellent new Tigers Way home ended in defeat before a bumper crowd of 263.

The Tigers, playing their first 'home' match in two years, fell behind in the 11th minute when Darren Billingsley netted the first goal of the South-West Peninsula League season.

Things got worse for the hosts when Gary McAuley was dismissed after receiving a second yellow card. Ax felt the experienced defender had been pushed immediately prior to his second card.

The Saints capitalised and the lead was extended to 3-0 at the interval.

The second-half saw the 10-men put in a battling performance with keeper Scott Wells-Burr pulling off fine penalty save. They got some reward for their efforts when Ben Turner bagged a piece of history with the first competitive goal for Axminster on the new ground deep into injury time.

Axminster: Scott Wells-Burr, Callum Mooney, Jon Hurford (capt), Mark Scott, Gary McAuley, Nathan Warren, Joe Urquart, Ben Turner, Callum Garrett, Alex Wheatley, Sam Dibling. Subs: Leigh Beer, Mark Smale, Elliott Dyer, Dan Galloway.

SIDMOUTH TOWN 3 ALPHINGTON 1

SIDMOUTH started their South West Peninsula League campaign with a home game against Alphington and, after

a good pre-season, expectations were high.

They started the match with a high tempo and wingers Jake Boyland and Mark Pavey gave the opposing full backs a torrid time all day.

It was MoM Pavey who set up the opener in the 15th minute, his cross was chested home from six yards by Riki Pitter.

Sidmouth went 2-0 up in the 30th minute when Cameron Vere's cross was turned into the net by an Alphas defender. The Vikings' new look young defence kept the experienced visiting forwards quiet although they did have an effort ruled for off-side.

The second half saw Alphington start the but the well-organised Vikings defence defended well but also needed debutant keeper Alex Bowring to be at his best saving well from Alphington's Densham on several occasions.

The killer third goal arrived on the hour when Pitter's shot was but he made no mistake from the rebound.

Alphington grabbed a consolation when Sidmouth switched off from a free kick and, after Bowring had made three point blank saves and centre back Jamie Newbery had blocked on the line, the ball was forced home.

Sidmouth: Bowring, White, Clenahan, Newbery, Cox, Pavey, Doble (Capt), Small, Boyland, Vere, Pitter. Subs: Facey, Swingler, Dixon, Newham

DEVIZES 0 CHARD TOWN 3

Toolstation Western League Division One

CHARD Town continued their superb form from the end of last season by kicking off the new campaign with a 3-0

win over Devizes Town at Nursted Road.

However, things didn't start too well for the Robins who lost playmaker Andy Martin in the pre-match warm up - the ensuing reshuffle saw Darren Hutchings take the vacant slot in the engine room.

Chard opened the scoring in the 25th minute when striker James Boyland coolly rounded home keeper Mark Tilley before rolling the ball into the empty net. Robins' keeper Jason Hutchings was then called into action with a couple of smart saves.

Oscar Latas doubled the lead on the hour and Scott Holland rounded things off with a fine header three minutes later.

Chard: Jason Hutchings, Ben Haines, Darren Hutchings (capt) Ryan Parris, Leigh Bailey (Jamie Barfoot 77) Shaun Wells-Burr, James Boyland (Max Westlake 65) Braeden Symes, Ed Butcher, Scott Holland (Adam Tovey 72) Oscar Latas.

SOUTH PETHERTON 5 DRIMPTON 1

Tom Facey Invitational Cup Final

BOTH sides started brightly on the Combe slope on Friday evening but Danny Kidir put Pethy in front and added a second five minutes later.

Drimpton settled and pulled a goal back through Barry Hayne. But just before half-time Tim John restored the Somerset side's two-goal cushion.

Drimpton went chasing the game after the turnaround but found keeper Si Taylor in fine form.

Kidir then completed his hat-trick before Nick Hole rounded things off.

Fond memories evoked by John Adams Memorial Day

ON Sunday, August 2nd, Forton Rangers Football Club held a memorial day for their President John Adams who sadly passed away last October having fought a brave six-year battle against prostate cancer writes Adam Smith.

John was responsible for the formation of the club when he allowed Mike and Eddie Gage to start a team on a field belonging to Manor Farm, of which he was the tenant farmer.

Over the years John had been committee member, reserve team manager, groundsman, linesman, President and player, last lacing up his boots when he was 61!

He was also responsible, along with Andrew Denning, for building the current clubhouse and was one of the driving forces behind the years of

fundraising to try to get a bigger and better clubhouse and village hall. He was the centre of the club and the village and loved nothing more than bringing everyone together for sport or a fun event.

In the early 90s John setup a reserve team and it was one of those original players, Ian Banfield, who hatched the idea for this fund raiser in his honour.

In the beginning the plan was to get together that original reserve team to play against a team made up of ex-Forton players. However, interest was so high that it quickly turned into two games - one for the over 40s and one for under 40s.

On the day, between 100 and 150 people turned out. Speeches were made before the matches, flowers presented to John's widow Sue and a

minute's applause was held.

In the first game, a team made up primarily of those original reserves lost 3-0 against some of the other old timers captained by Roy Board.

The game was played at a very leisurely pace, with the first goal coming from a penalty following a typically clumsy challenge by Steve Baker.

Paddy Behan produced a typically masterful display for the winning team, running the game and allegedly keeping Andy Bevins in his back pocket!

Before the second game, a minute's silence was respectfully observed for Timmy Hames, another great of Forton's past who sadly passed earlier this year.

The under 40s match saw the current team go behind after Joe Simmons' unmarked header was parried by

stopper Adam Smith with James Melhuish on hand to tap in the loose ball and they went to lose 4-3.

Huge thanks must go to Ian Banfield, Barry Male, Alan Nottley, Debs Baker, Andy Cottey, Derek & Neva Bond and Ian Ordord for all their help.

A total of £430 was raised on the day which will be going to the Beacon Centre Cancer Unit at Musgrove Park Hospital, Taunton.

Further funds were raised through sales of John's book 'Tales from the Farm' which has been published since his death with all proceeds going towards the new community hall and changing rooms project.

Copies are available to buy for £10. Contact Sue Adams on 01460 63240 or Adam Smith on 07765 676774 for more details.
